Nature play upgrade

Work has begun to upgrade our Nature Play area. This popular play area will soon contain a creek for Summer water play. We are also adding a path to our established quiet area nearby. Keep an eye out for further update photos.

Government of South Australia
Department for Education

We have been using the 'Literacy and Numeracy Progressions' to create personalised learning goals.

We keep our goals recorded in Our Goal Book.

This helps us to focus on our own learning.

From the year 4/5 class

When we achieve our goals we highlight them and record what term we achieved them in.

To show we are proud of our achievement we can share the goals we have reached on our

These are some of our Reading and Numeracy goals.

Driving Safety

Please observe school zone speed limits and take extra care when dropping off and picking up your children at school. To avoid accidents it's important for parents to follow safety rules.

Many schools have drop-off zones, taxi zones, parking and u-turns to maintain a safe and orderly traffic flow. Safety instructions include:

- observing school speed limits - there's a 25 km zone around schools when children are present
- not parking in no standing zones or across school entrances
- respecting local neighbours and their right to access their driveways
- not double parking
- ensuring that children exit their car onto the footpath.

In addition if your child rides a bike, scooter or skateboard to school please ensure they are familiar with the road rules and travel to school safely obeying road rules along the way.
